Posted Content (1)					Abstract The base maintens how advice recipients? feelings of power and the solicitation of advice affects the perception of advice. Participants were primed for low or high power, about a personal problem, and shared it online to a peer. The peer was a confederate who gave advice. Advice was deline permitted (participant was asked if they wanted advi- adai vest, guaranteed (participant was given advice without saking if wanted), or imposed (participant sakied) want advice, but advice was given. Participants r utilization intentions and positive emotions for imposed advice than permitted or guaranteed advice. High power participants had lower intentions than low power is pants to use imposed advice, especially when disclosing a more personal problem. words Muthor Regioned Shurker, Contributing Power; Unsolicited Advice Keywords Plus: UNSOLCIEED ADVICE; CONFIDENCE; VALIDATION; QUALITY; SUPPORT; MESSAGE Author Information	e	6 Times Cited in All tabases	31 Cited References View Related Records
