# Provide descriptive error message when 33x prevents a record from being saved - BatchCat

Any programs using BatchCat will need to be updated to handle the new return codes:

- 215 = 336 $b not 3 characters

- 217 = 337 $b not 1 character

- 216 = 338 $b not 2 characters

# Updates to Subject/Genre Thesaurus Codes

- Added new thesaurus codes to the HEADINGS_TYPE table published through August 2022.

- An index regen will be performed as part of the upgrade to Voyager 10.4 in order to properly index new thesaurus codes already in use in Voyager records.
