Upcoming - Out of the box analytics reports

Upcoming dashboard in Leganto for streamlining the library work and demonstrating student savings.

Including:

1. An overview dashboard for quickly analyzing readings' status.
2. In depth reports, based on the university of Sheffield set of reports.
3. A new student affordability dashboard for demonstrating library value.

* This development was made possible due to the inputs of the Leganto analytics focus group members.

Leganto new user experience

- Make a distinction between instructors' and students' experience
- Focus on the experience in the learning management system (LMS)
- Screen resolution – optimize the instructor view to laptop screen size
- Adapt to the user context - present the most relevant information to the current user's workflow
- High software standards - Security, accessibility, and performance

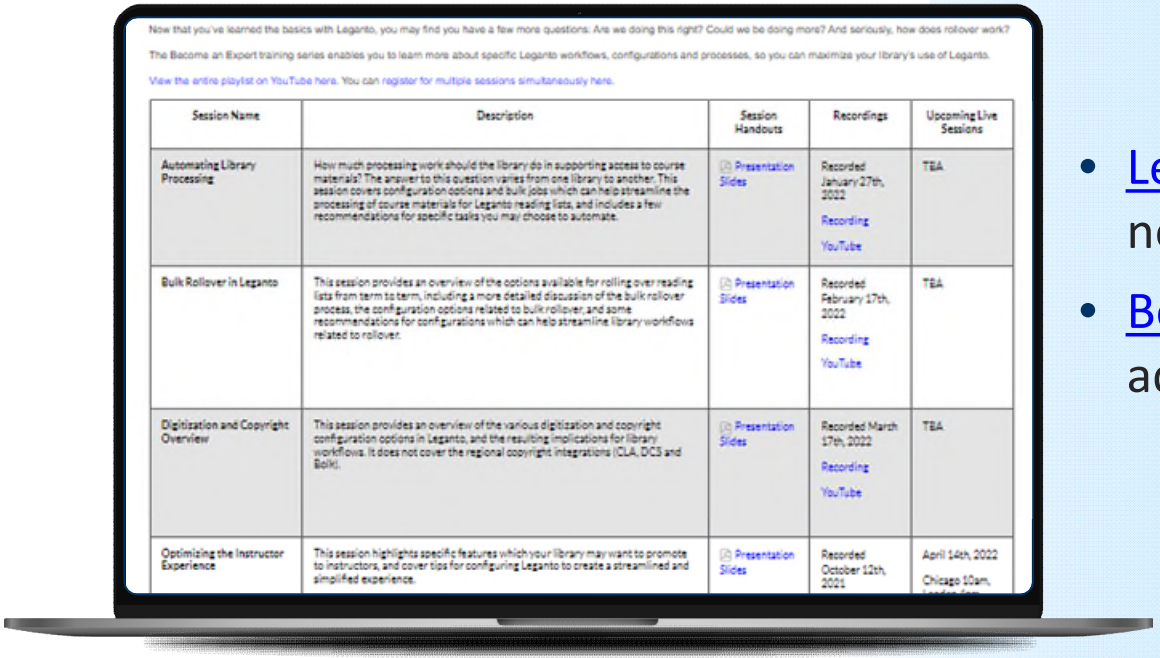
Library training



Now that you've learned the basics with Leganto, you may find you have a few more questions: Are we doing this right? Could we be doing more? And seriously, how does rollover work?

The Become an Expert training series enables you to learn more about specific Leganto workflows, configurations and processes, so you can maximize your library's use of Leganto.

View the entire playlist on YouTube here. You can register for multiple sessions simultaneously here.

Session Name	Description	Session Handouts	Recordings	Upcoming Live Sessions
Automating Library Processing	How much processing work should the library do in supporting access to course materials? The answer to this question varies from one library to another. This session covers configuration options and bulk jobs which can help streamline the processing of course materials for Leganto reading lists, and includes a few recommendations for specific tasks you may choose to automate.	Presentation Slides	Recorded January 27th, 2022 Recording YouTube	TBA
Bulk Rollover in Leganto	This session provides an overview of the options available for rolling over reading lists from term to term, including a more detailed discussion of the bulk rollover process, the configuration options related to bulk rollover, and some recommendations for configurations which can help streamline library workflows related to rollover.	Presentation Slides	Recorded February 17th, 2022 Recording YouTube	TBA
Digitization and Copyright Overview	This session provides an overview of the various digitization and copyright configuration options in Leganto, and the resulting implications for library workflows. It does not cover the regional copyright integrations (CLA, DCS and Bolki).	Presentation Slides	Recorded March 17th, 2022 Recording YouTube	TBA
Optimizing the Instructor Experience	This session highlights specific features which your library may want to promote to instructors, and cover tips for configuring Leganto to create a streamlined and simplified experience.	Presentation Slides	Recorded October 12th, 2021	April 14th, 2022 Chicago 10am,

Easy transition

Time to prepare:

The new UI will be released in September 2023

Gradual deployment:

Both versions will coexist for a year

- Test the new UI while the previous UI still exists
- Move to the new UI during academic break

Communication

Early updates to the community in emails and webinars

Training:

Ex Libris will provide training and supporting materials for the new UI
