Voyager 10.4

Provide descriptive error message when 33x prevents a record from being saved - Clients

- Acquisitions
- Cataloging
- Circulation
- BatchCat

Provide descriptive error message when 33x prevents a record from being saved - Acquisitions

Provide descriptive error message when 33x prevents a record from being saved - Cataloging

Provide descriptive error message when 33x prevents a record from being saved - Circulation

Provide descriptive error message when 33x prevents a record from being saved - BatchCat

Any programs using BatchCat will need to be updated to handle the new return codes:

- 215 = 336 $b not 3 characters

- 217 = 337 $b not 1 character

- 216 = 338 $b not 2 characters

Provide descriptive error message when 33x prevents a record from being saved – Bulk Import

I am 14013 (started from process id: 13998). I will be doing all of '/m1/voyager/2010.4.0/tmp/cgipost-245501dffbe6b33468c0f3bb0f57afe3-13986.
The import code is "1646R035" for this run.
The Bib dup profile is "CD BIB Replace" for this run.
The Auth dup profile is "CD ATID replace" for this run.
This import is using a rule that does not allow creation of MFHDs or Items.
Expecting Marc21 UTF-8 Records
Fri Mar 18 08:39:25 2022
1(1):Duplicate Bibs above threshold: replace 0, warning 0.

Adding Bib record 147208.
336 $b, RDA Content Type, should be 3 characters in length. Record not added/updated. Rejecting Record to error file.

BIBLIOGRAPHIC, MFHD, ITEM or AUTHORITY Records

Expecting Marc21 UTF-8 Records
Fri Mar 18 08:51:27 2022
1(1):Duplicate Bibs above threshold: replace 0, warning 0.

Adding Bib record 147209.
337 $b, RDA Media Type, should be 1 character in length. Record not added/updated. Rejecting Record to error file.

This import is using a rule that does not allow creation of MFHDs or Items.
Expecting Marc21 UTF-8 Records
Fri Mar 18 08:53:28 2022
1(1):Duplicate Bibs above threshold: replace 0, warning 0.

Adding Bib record 147210.
338 $b, RDA Carrier Type, should be 2 characters in length. Record not added/updated. Rejecting Record to error file.

Cataloging: Viewing Fixed Field Grid Headings with/Larger Font

Circulation: Session Preferences Renamed/Reorganized

Acquisitions: Rollover Rule should have an "All" check box for all PO Types/Line Item Types

MARC Tag Table Updates

- Implemented MARC21 tag table changes described in MARC 21, Update 32 (June 2021), Update 33 (November 2021), and Update 34 (July 2022)

Files Updated		
Amarc0xx.cfg	Amarc6xx.cfg	
Bmarc0xx.cfg	Bmarc3xx.cfg	Bmarc4xx.cfg
Bmarcfix.cfg	Master.cfg	

Updates to Subject/Genre Thesaurus Codes

- Added new thesaurus codes to the HEADINGS_TYPE table published through September 2022.

- An index regen will be performed as part of the upgrade to Voyager 10.4 in order to properly index new thesaurus codes already in use in Voyager records.

Voyager 10.5

10.5 Enhancements - Acquisitions

Increase bank account number from 25 characters to 50 characters

- Database column updated
- Client updated to accept 50 characters in the bank account number field

Done

10.5 Enhancements - Acquisitions

Additional computed balances on the fund display

- Remaining for use if pending expenditures paid
  (Available balance – pending expenditures)

- Remaining to obligate if pending commitments approved
  (Remaining for use if pending expenditures paid – pending commitments)

10.5 Enhancements – Acquisitions continued

New tab, "Additional Balances"

10.5 Enhancements - Cataloging

Allow capture/copy of BIBID, AUTHID, and MFHDID

- New "Edit" menu option, "Copy Record ID"

- "Shift + F3" keys

- Record ID copied to Windows clipboard for use elsewhere

Done

10.5 Enhancements – WebAdmin Bulk Import

Restore input file name in WebAdmin bulk import log

- Example: ebz-s4594951-20180711-Chg.mrc

- 10.1 through 10.4 "over sanitized" the input file name
  - I am 3658 (started from process id: 3658). I will be doing all of **'/m1/voyager/2010.4.0/tmp/cgipost-af6b4ddfea270e4a7aea4de7675a19fb-24938.tmp'** for you.
  - Impossible to map back to original file name

- 10.5 will convert any non-alphanumeric characters to an underscore.
  - I am 1167173 (started from process id: 1167158). I will be doing all of **'/m1/voyager/2010.5.0/tmp/cgipost-ebz_s4594951_20180711_Chg_mrc-1167133.tmp'** for you.
  - Should be easier to map back to original file name

Remaining Enhancements from 2022 Voting

- Implement separate "Show Index" options for Staff and OPAC

- Verify https links in the Cataloging link checker

- Both are in requirements/functional specification.

- At least one will be included in 10.5.

10.5 Enhancements – Configuration Updates

- MARC21 Tag Table Updates starting with Update 35
- Updates to Subject/Genre Thesaurus Codes since September 2022
- Status: on-going

Future Product Roadmap

Beyond 10.5

- 10.6 is planned for 2025.
- Ex Libris suggests that the user base have another round of enhancement submission and voting in the third quarter of 2023.
- Larger enhancements will be considered and may be developed across multiple releases.
- No enhancements for Classic OPAC or WebAuth.
- Tomcat WebVoyage accessibility and user experience enhancements will be considered, but not others.
- Enhancements less likely to be considered are those which involve Circulation calendars, bulk import, indexing, or character sets.
- Legacy development tools also prevent some enhancements to the Voyager client UI.

Thank you!
