# Leganto July 2023 Instructor Highlights

## August 2023 Sneak Preview

- Leganto will offer DCS (UK copyright system) support for lists with multiple courses

## Additional Enhancements

- **July 2023 Leganto**
  When automatically enrich citations containing a DOI with additional metadata. For institutions whose **AUGMENTATION** profile (**Configuration > General > External Systems > Integration Profiles**) is configured to work with CrossRef so that citations containing a DOI with additional metadata can be enriched automatically when a citation containing a DOI is added, the DOI URL is now supported.
