Research Professional News: Funding Trends Report

Now Available! June 2023

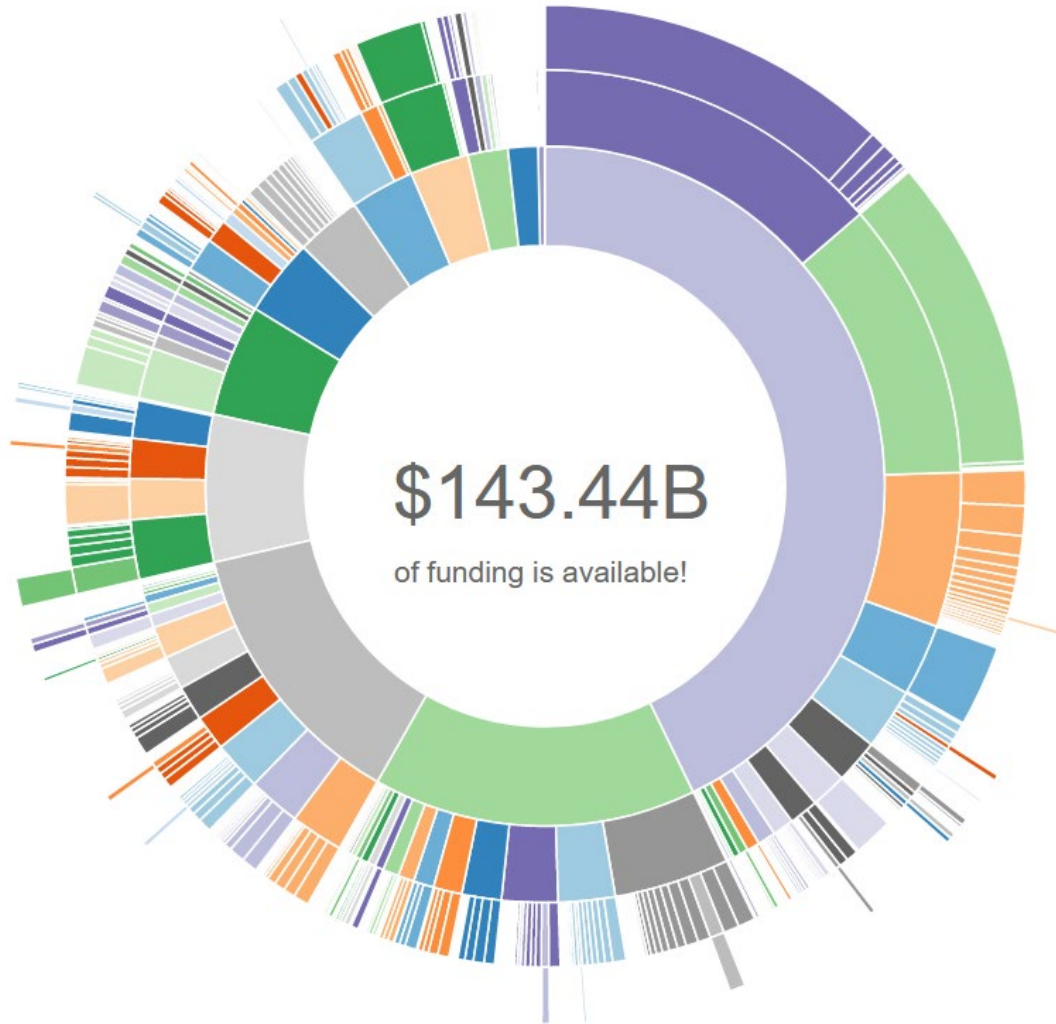

Download your copy

<https://www.researchprofessionalnews.com/rr-news-world-2023-6-special-report-funding-trends/>

A closer look at:

- Bill and Melinda Gates Foundation
- National Science Foundation (USA)
- National Health and Medical Research Council (Australia)

Pivot-RP by the Numbers

- 33,000+ Active Opportunities
- 9,800 Active funders
- \$140 Billion +
- 4,600+ new opps added YTD
- 420 new funders added YTD
- 21,300+ Opportunities edited

Over 438k weekly email alerts sent YTD

What's New

What's New – H1 2023

Key Benefits:

- ✓ **Enhanced Advanced Search Browse and Free Text Funder Search**
- ✓ **Amended Deadline Notes Added to Email Alerts**
- ✓ **Expiration Dates for Notes**
- ✓ **Related Programmes (& Related Funders)**
- ✓ **Advanced Search added to Quick Search pulldown**

- Users can more easily search by funder from the advanced search form with auto-complete and free text options
- Email alerts now provide more context for postponed, or coming soon opportunities
- Internal notes can be scheduled by Admins to automatically be removed on a specified date
- Funding opportunities details pages now display related funders and related programmes for context
- Users can easily access an advanced search form from any results or opportunities details page

New – June 2023

Key Benefits:

✓ **Citation Impact Metrics for Profiles powered by Web of Science**

✓ **Web of Science Citation Counts for Publications**

- View a researcher's citation impact metrics on their Pivot-RP profiles when linked to their Web of Science Researcher ID
 - Link through to Web of Science to see additional metrics*
- View trusted Times Cited information from Web of Science for publications on Pivot-RP profiles
 - Link through to Web of Science to see additional information*

- *Mutual subscribers of Pivot-RP and Web of Science can view additional data and can leverage advanced exploration features*

New Funders Added for Awarded Grants

- Austrian Science Fund
- Israel Science Foundation
- Novo Nordisk
- Agence Nationale de la Recherche (ANR)

Review of H1 Enhancements

New - Advanced Search Funder Search Options

▼ Funder ⓘ

and ☒ Match any ☐ Match all

Free Text Search:

Add free text terms... then select enter

or **Browse/Autocomplete:**

Search for funders using autocomplete

Include: ☒ when funder is a secondary or related funder

Running advanced searches by funder are now easier with two distinct ways to search:

Use **Free Text Search** if you want to search partial funder names in the funder field

or

Use **Browse/Autocomplete** to select specific funders from a type-ahead view of Pivot-RP funders

Browse/Autocomplete to Select Funders

▼ Funder ⓘ

and ☒ Match any ☐ Match all

Free Text Search:

Add free text terms... then select enter

or **Browse/Autocomplete:**

natural science

- natural science
- Academy of **Natural Sciences**
- Center for Theology & the **Natural Sciences** (CTNS)
- National Centre for **Natural Science** and Technology of Vietnam (NCST), VN
- ▶ Am National **Natural Science** Foundation of China (NSFC), CN
- Natural Sciences** Publishing
- ▶ De Government of Canada / **Natural Sciences** and Engineering Research Council of Canada (NSERC), CA
- Nordic **Natural Science** Research Councils (NOS-N), NO
- United Nations (UN) / United Nations Educational, Scientific and Cultural Organization (UNESCO) / UNESCO **Natural Science** Sector
- ▶ Lin(SC)

Easily find funders to include in searches from across the complete list of more than 15,000 funders tracked by Pivot-RP

Use full names, partial names or acronyms to get relevant matches

Amended Deadline Notes Added to Email Alerts

Updated Funding Opportunity emails will now display an **Amended Deadline** note when relevant.

Recipients can see if an opportunity deadline has been **Extended**, **Postponed** or is **Coming soon**.

“Coming Soon” means editors have confirmation from a funder that it will be opening a call soon, but the deadline has not been announced.

Updated Funding Opportunity - Söderbergs Foundation, Torsten

PP

ProQuest Pivot-RP

To: Lotte Krause

The Pivot-RP editorial team updated the following information on a funding opportunity that you are Tracking on May 09, 2023.

- eligibility
- amount
- abstract
- funder url

A summary of this opportunity is listed below.

Opportunity Title		
Research grants within medicine		
Funder Name		
Söderbergs Foundation, Torsten Thordenstiftelsen		
Deadline(s)	What's due	Notes
01 Sep 2023 - Confirmed / funder	Application	Applications are invited between 10 August and 5pm, 1 September, and repeated annually.
Amended Deadline		
Extended Deadline: *** The closing date for this opportunity has been extended. The previous deadline of 30 April has been extended to 15 May 2023. All other call details remain unchanged. ***

Pivot-RP opportunity detail pages now display both **“related funders”** and **“related programmes”** when an opportunity is from more than a single, primary funder or is linked to a specific funding programme.

Advanced Search added to Quick Search pulldown

Users can now easily navigate to a basic or advanced search box from any search results page in Pivot-RP.

Just select the search icon in the header bar to reveal the basic search box and a new link for the advanced search form.

Web of Science Impact Metrics for Profiles

Benefits of Clarivate Integrations

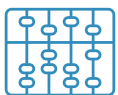

Web of Science, InCites and Pivot-RP Opportunities - "Better Together"

- Richer profile (publications and awarded grants)

- Improved funding recommendations

- Citation metrics and benchmarking for publications and researchers

- Greater awareness of Pivot-RP

- Improved organizational data for the WoS & InCites benchmarking and analytics

Impact Metrics

Pivot-RP now integrates with **Web of Science** to display key **Impact Metrics** on researcher profiles powered by the Web of Science Core Collection

Users can click through to the Web of Science to see additional impact metrics and/or claim their Web of Science author profile

Use the power of Web of Science combined with Pivot-RP to further explore and assess potential collaborators and partners

Funding Matches:

150 funding opportunities

*Times Cited will display for items with a DOI

About Impact Metrics

h-index: The h-index value is based on a list of publications ranked in descending order by the Times Cited count. An index of h means that there are h papers that have each been cited at least h times. The h-index is based on the Web of Science Core Collection citations of the publications shown on this author record.

Sum of Times Cited: This is the total number of Web of Science Core Collection citations to all Core Collection documents in this author record.

Citing Articles: This is the total number of citing articles based on the Web of Science Core Collection. Citing articles have cited one or more of the items in this record.

Sum of Times Cited

 Clarivate

Adding your Web of Science Researcher ID

Users can add a Web of Science Research ID by going to their Profile and selecting “Edit Profile”

To locate your Web of Science Research ID or claim your free Web of Science researcher profile visit <https://www.webofscience.com>

The screenshot shows a user profile interface with three rows for adding identifiers:

- ORCID** with a question mark icon and a **+ Add** button.
- ISNI** with a question mark icon and a **+ Add** button.
- WoS ResearcherID** with a question mark icon. Below the label is the ID **HJP-0659-2023** with a copy icon and an edit icon.

A tooltip is displayed over the WoS ResearcherID question mark icon. The tooltip text is:

A Web of Science (WoS) ResearcherID
is a unique identifier that connects an author to their work in the Web of Science ecosystem.
To learn more about the Web of Science product, please visit www.clarivate.com

Add WoS ResearchID to Pivot-RP profiles

The screenshot shows a web interface for editing a Pivot-RP profile. It features three main sections: ORCID, ISNI, and WoS ResearcherID. Each section has a label with a question mark icon and a '+ Add' button. The WoS ResearcherID section is expanded, showing a text input field with placeholder text 'WoS ResearcherID (ABC-1234-2020, A-1234-2022 ...)' and a format instruction: 'format is: 1-3 letters - 4-digit # - 4-digit year (example: ABC-1234-2020 or A-1234-2022)'. Below the input field are 'Add' and 'Cancel' buttons. A blue arrow points from the text on the right towards the input field. At the bottom, there is an 'Expertise' section with a description: 'Promoting innovation for libraries, academic institutions and research organizations. Expertise in software as a service (SaaS) solutions and agile development methods.'

ORCID ? + Add

ISNI ? + Add

WoS ResearcherID ?

WoS ResearcherID (ABC-1234-2020, A-1234-2022 ...)

format is: 1-3 letters - 4-digit # - 4-digit year (example: ABC-1234-2020 or A-1234-2022)

Add Cancel

Expertise

Promoting innovation for libraries, academic institutions and research organizations. Expertise in software as a service (SaaS) solutions and agile development methods.

Currently users can manually add their ID to their Pivot-RP profile

We will be algorithmically linking profiles in the future

104 Documents

Geographic Citation Map

The citation map shows the distribution of the researcher's citations across the globe:

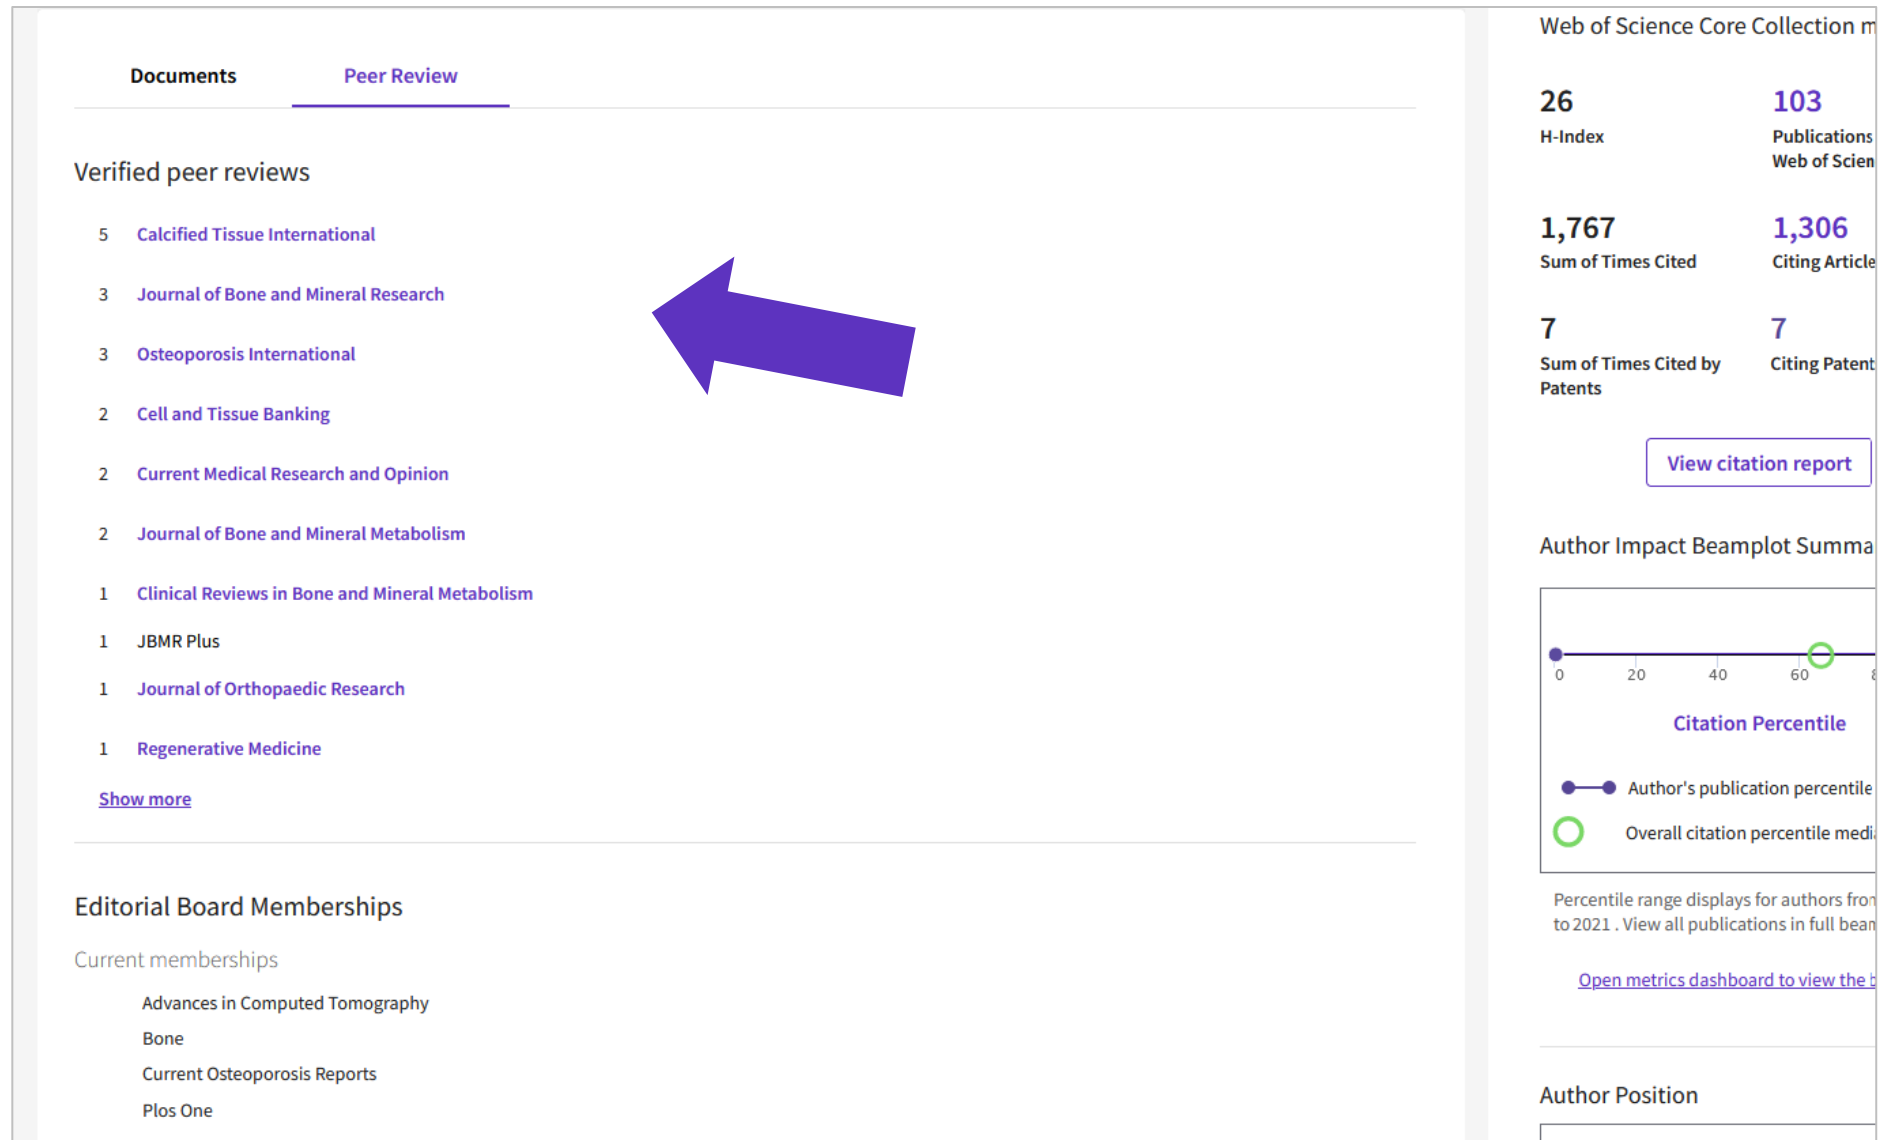

- For each article in the Web of Science Core Collection that cited the researcher's work, a city with a contributing author's institution represents a data point
- A publication may appear under multiple locations if the contributing authors are affiliated with different institutions
- The number of data points on the map may be higher than the sum of times cited in the Web of Science Core Collection

Blue circles can be clicked to zoom in and see more precise locations, red pins can be clicked to see the details of papers citing the researcher's work from a particular city.

The citation map may take a while to load if there are more than 1,000 citations.

Integration Roadmap**

Integrations with InCites Benchmarking & Analytics

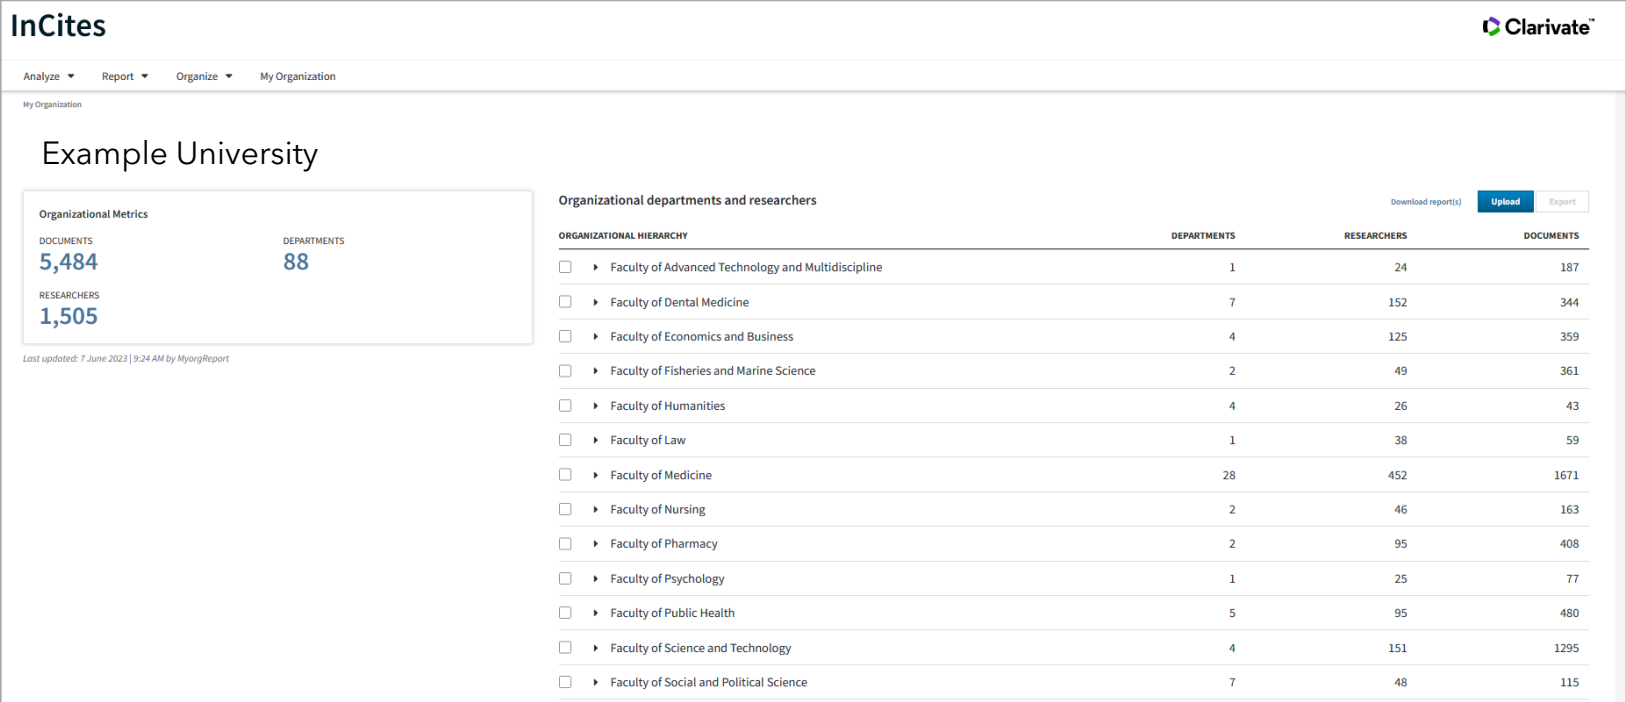

InCites B&A is a reporting tool that leverages WoS Core Collection data to provide unique abilities to analyze the research output of any institution, researcher or region. It also provides libraries and publishers with unique ways to assess their collections and portfolios.

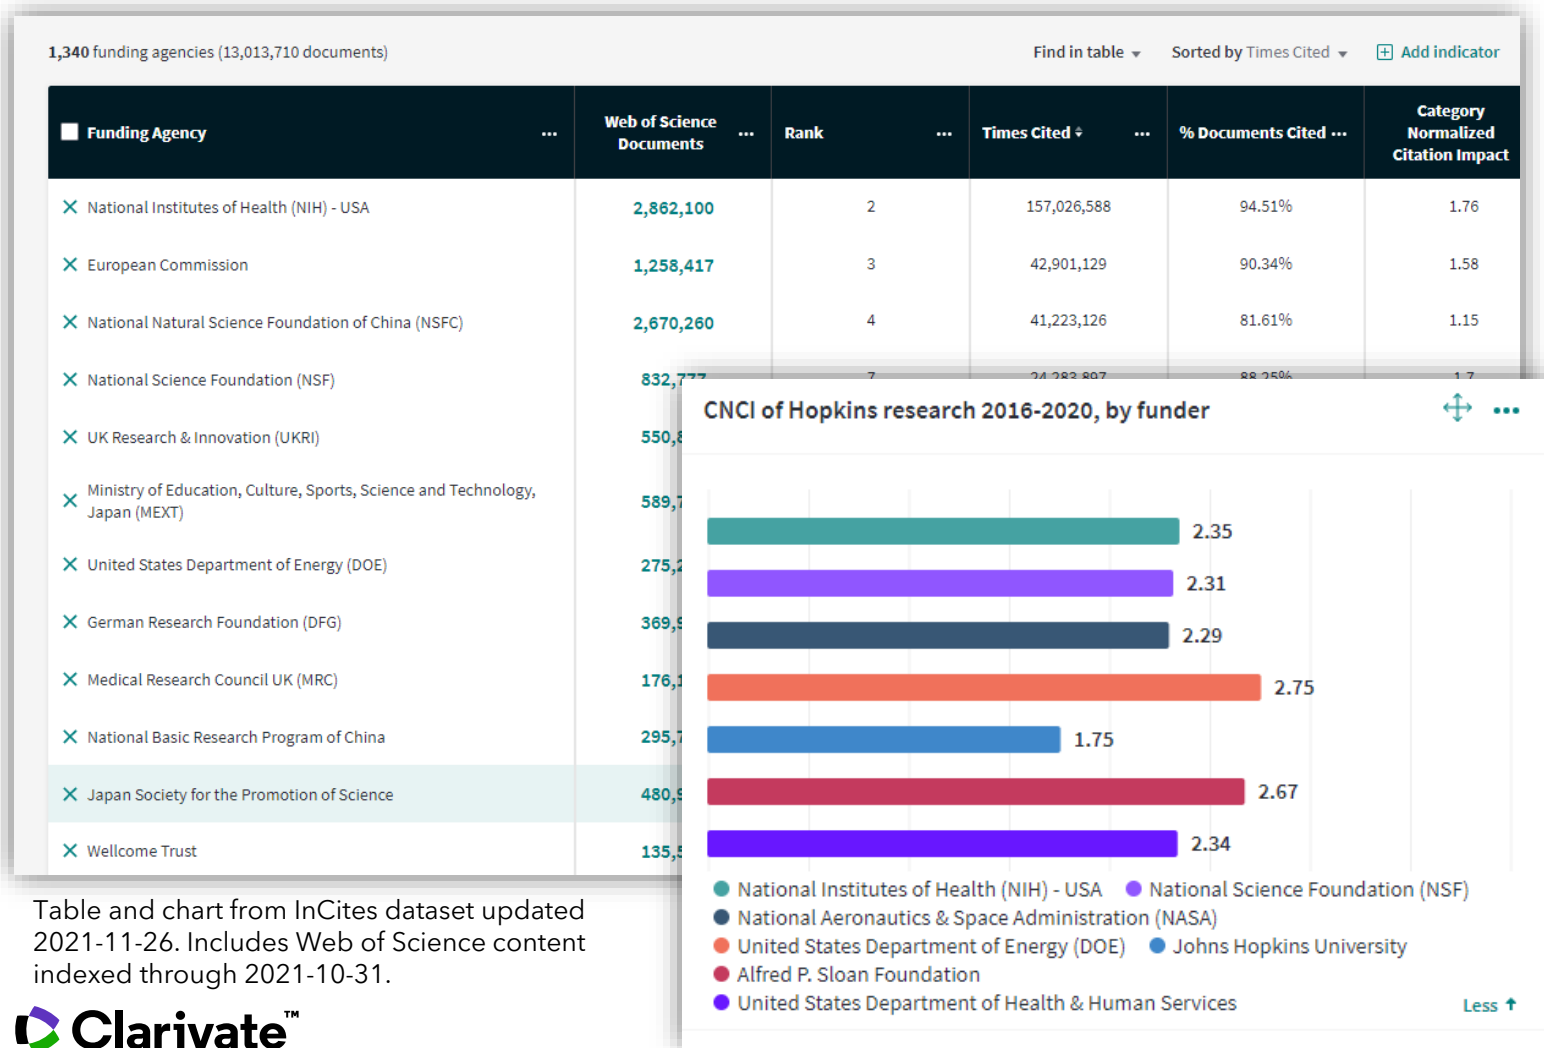

InCites helps institutions and decision makers perform assessments that answer common questions they need to answer to in order to thrive in a competitive environment

Use your curated Pivot-RP organizational hierarchy data to inform department level analyses

Demonstrate successful outcomes to funders

Pivot-RP Awarded Grants data is now linked to Web of Science documents

Demonstrate the citation **impact of your sponsored research** to secure new revenue streams

Assess the outcomes of your internal awards

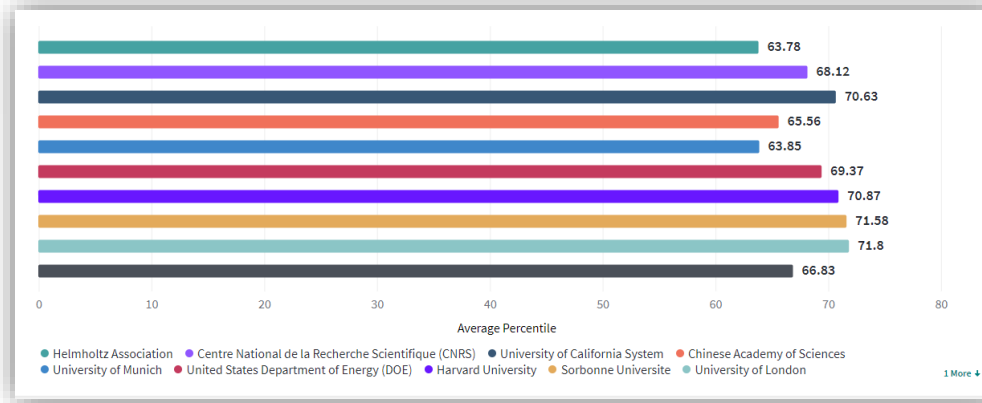

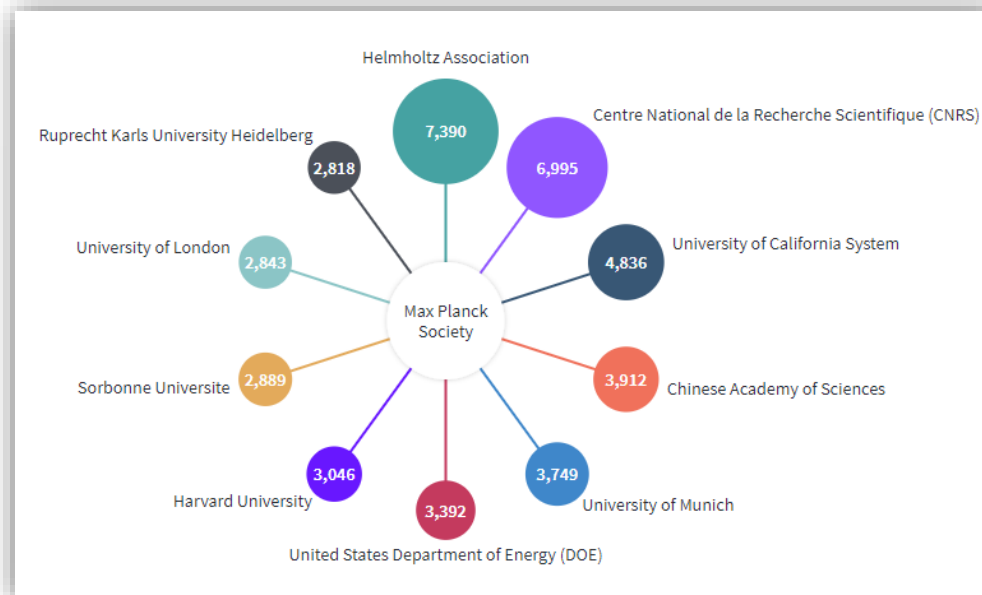

Build on past successes to improve proposals

Assess your collaborations

Training and Videos

<https://knowledge.exlibrisgroup.com/Pivot/Training>

Training

All the training videos below are newly designed.

Getting Started with Pivot-RP

Basic information that researchers and staff need to start using Pivot-RP, including setting up your account, claiming and updating your profile, and searching for funding opportunities.

Working with Pivot-RP Funding Opportunities

These training sessions will show the primary Pivot-RP workflows, including using basic and advanced search; navigating funding results; and tracking, saving, sharing, and managing funding opportunities.

Working with Pivot-RP Profiles

Use Pivot-RP to find researchers with whom you can collaborate; and update your own Pivot-RP Profile so you can get relevant funding matches targeted to you.

Sharing Content with Pivot-RP Groups

Create and manage user groups in Pivot-RP, which can be used to share funding opportunities and more with users with similar interests.

Searching Awarded Grants and Conferences

Find out who has already received various funding. Find opportunities to present your work at conferences and in journals.

Pivot-RP Admin Essentials

Pivot-RP administrators will learn how to customize, configure, and manage Pivot-RP for their institution.

Recorded Training Webinars and Slides

These training webinar recordings demonstrate and explain how to use Pivot-RP. Three of the videos are aimed at regular users, such as researchers looking for funding opportunities. Two of the videos are aimed at the Pivot-RP administrators facilitating the use of Pivot-RP at their institution.
