

# Pivot-RP

## Release Notes

**September  
2023**

# What's New – September 2023

## Key Benefits:

- ✓ **Career Stage Filter Update**

Ability to filter opportunities specifically by career stage, as well as apply career stage parameters to Advisor alerts

- ✓ **Bi-weekly Newsletter Options**

Send out Newsletters every two weeks, instead of weekly or monthly

- ✓ **Expanded awarded grants data**

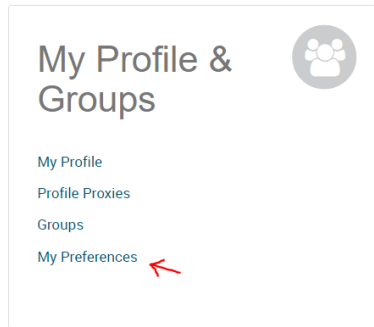

Find additional awarded grants data from 11 new funders

## Career Stage Filter

## Advisor Alert Preferences

Add a Career Stage preference for Advisor Alerts to get the most relevant profile-based recommendations.

Set the career stage filter through the 'My Preferences' Notifications tab -> Alert Preferences.

### Deadline Notification Preferences

When I add opps to **Tracked**, send deadline reminder via:

☐ Announcements ☐ My Email

2 weeks before a deadline

### Alert Preferences

1 **Advisor Alert:** ☒ Enabled

1 **Filter Advisor Alert by Career Stage:**

For more relevant recommendations, you may wish to NARROW your results using any of the career stages below. If you select one or more options then only funding opportunities with the selected career stages will be included in your weekly advisor recommendations. If you select no filters, then all career stages are by default included in weekly Advisor Alerts.

- ☐ Early Career and Emerging in Field
- ☐ Graduate Student or Pre-doc
- ☐ Mid-Career to Established in Field
- ☐ Undergraduate Student
- ☐ Not Applicable

#### Other Options to Modify Your Personal Recommendations:

##### Keywords:

Recommendations are heavily influenced by the keywords on your profile. You can visit your [Profile](#) page and select 'Edit Profile' to add or modify keywords.

##### Filters:

On the [Advisor Alert](#) page you can select filters on the left side to narrow your results to only show opportunities that include the specific filter criteria selected. These filter preferences will automatically be saved and your next weekly advisor alert will then be limited by default with those filters. From the Advisor Alert page, you can always de-select filters to expand your results.

## Advisor Alert Filters

Researchers can also add or de-select the Career Stage filters from the Advisor Alert.

Note: Any filters applied on the Advisor Alert page remain 'sticky.' Future advisor alerts and emails will maintain any filter preferences.

## Pivot-RP

Your feedback matters to us. Help us improve Pivot-RP by telling us what you'd like to see using the message areas below. You can also support something already posted.

We would love to be able to respond to every idea that is submitted, but this is not feasible. We are, however, committed to responding to the most popular ideas—those that have received the most points.

For more information please review our [FAQ](#) and [guidelines](#). Thank you.

**How can we improve Pivot-RP?**

Don't forget to visit the Idea Exchange to share your thoughts and ideas for further enhancements.
