Alma Integration with Web of Science: JCR and InCites

Erez Shabo
Alma Product Team

*With a multilayered approach that incorporates reference counts, alongside traditional collection development metrics, outliers from any single data source can be easily identified and investigated, and **a clearer picture of local usage, impact, and demand begins to emerge.***

Alma Integrates with Journal Citation Reports

Journal Citation Reports (JCR) from Web of Science

Assess the world's leading journals with publisher-neutral data

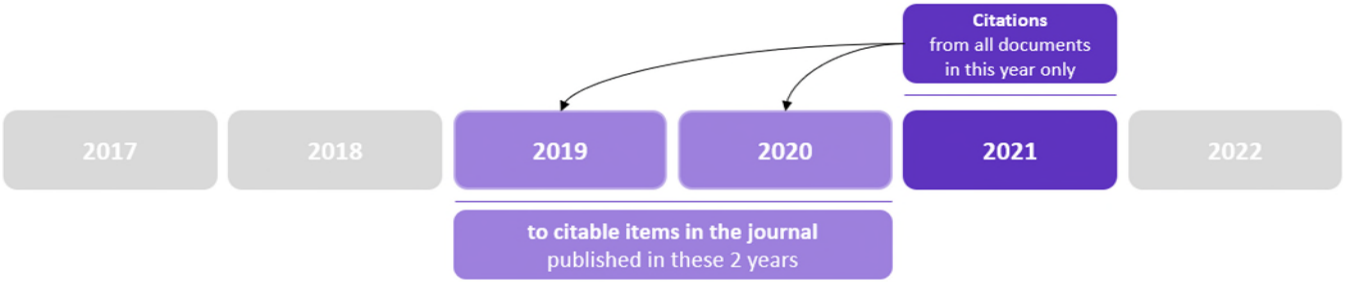

“Journal Citation Reports™ (JCR) provides you with the transparent, high-quality data and statistics you need to make confident decisions in today's evolving scholarly publishing landscape”

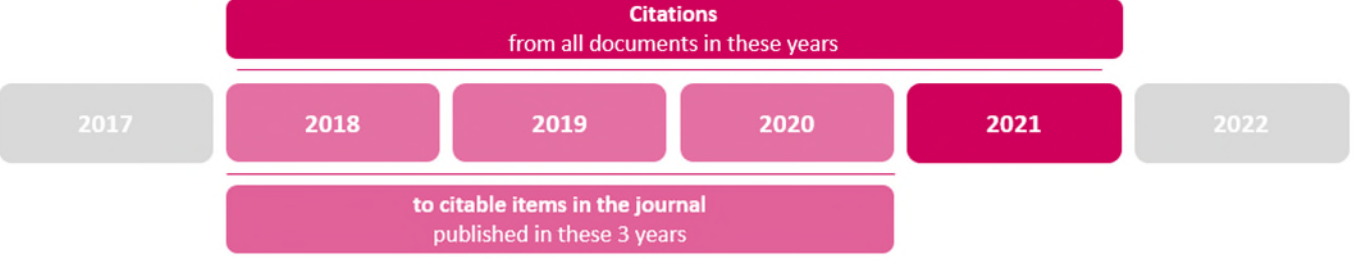

Journal Citation Reports (JCR)

Ensure your library collections support rigorous research and teaching

Journal Impact Factor (JIF)

Journal Citation Indicator (JCI)

Understand a journal's role and influence within the global research community by exploring a rich array of citation metrics

Alma and Journal Citation Reports Integration

Embed journal intelligence directly in your Alma workflows

The new Journal Citation Reports Cloud App will display Journal Citation Indicator (JCI) for a set of titles within the Alma interface

The app also provides a link to multidimensional profiles in Journal Citation Reports

Alma Integrates with InCites Benchmarking & Analytics

InCites Benchmarking & Analytics by Clarivate

Normalized citation impact of co-authored papers for top collaborators

Helping organizations optimize their position in the research landscape

- Benchmark research to peers
- Assess collaborations
- Enhance collection development reporting
- Inform decisions with an unbiased, meticulously indexed data foundation

Integrating Resources to Support Librarian Workflows

ExLibris
Alma

Clarivate
InCites™

See collection needs and usage across your organization

Monitor the evolution of collections according to research area, open access and publishers

Complement traditional measures of usage with bibliometric data

What Can InCites Reports Reveal?

New subscription recommendations

Identify journals outside of your current collection that have high publication or citation activity associated with your researchers and investigate whether they should be part of your collection

Specialized needs by department

Filter reports by 250+ research areas to assess local needs as well as finding areas of high cross-disciplinary activity

Validation of title requests

Supplement ILL request data with cited reference counts, which in some cases outnumber loan requests and can serve as a "more reliable indicator of campus demand"*

How to Access InCites

Sign in or register as a new user to take full advantage of all personalization features, such as sharing reports and managing your dashboard

The screenshot shows the InCites login and registration interface. At the top, there is a black navigation bar with the Clarivate logo on the left and a language dropdown menu set to 'English' on the right. Below this, the InCites logo is displayed. The main content area features a white login box with a purple header that reads 'Sign in to continue with InCites'. On the left side of the box, there are input fields for 'Email address' and 'Password', with a 'Forgot Password?' link below the password field. A purple 'Sign in' button is positioned to the right of the password field. In the center, a vertical line is flanked by the word 'OR'. To the right, under the heading 'Don't have a Clarivate Account?', there is a registration prompt: 'Register your email to gain access to all that InCites has to offer:'. Below this, a bulleted list of benefits is provided: 'Access from outside of your organization', 'Save reports and settings', 'Create and export custom datasets', and 'Automatically Sign-in'. A white 'Register' button is located below the list. At the bottom of the login box, a disclaimer states: 'By signing in, you acknowledge and agree to our Terms of Use and Privacy Statement.' and a support link reads: 'Need help? Contact wosg.support@clarivate.com.'

How to Access Alma Collection Report

The screenshot shows the Clarivate InCites interface. At the top, the 'Report' menu is highlighted with a red box. Below it, the breadcrumb 'ALMA Collection Report' is also highlighted with a red box. The main heading is 'Autonomous University of Madrid collection report'. Below the heading, there are filters for 'Collection data range' (2018 - 2022), 'Source type' (All), 'Publisher' (e.g. Springer Nature), and 'Web of Science categories' (e.g. Medicine, Research & Experimental). A list of selected categories is shown below the filters, including 'MEDICINE, GENERAL & INTERNAL', 'MEDICAL INFORMATICS', 'CLINICAL NEUROLOGY', 'ELSEVIER FRANCE-EDITIONS SCIENTIFIQUES MEDICALES', 'HEALTH CARE SCIENCES & SERVICES', and 'CRITICAL CARE MEDICINE'. The 'Collection Utilization' tab is selected, showing 'Subscribed publications' with '13,000 Subscribed publications' and a search bar for 'Find in table'.
