# Display Configuration

Display Configuration can be accessed under both **Alma > Discovery** and **Alma Configuration > Discovery**

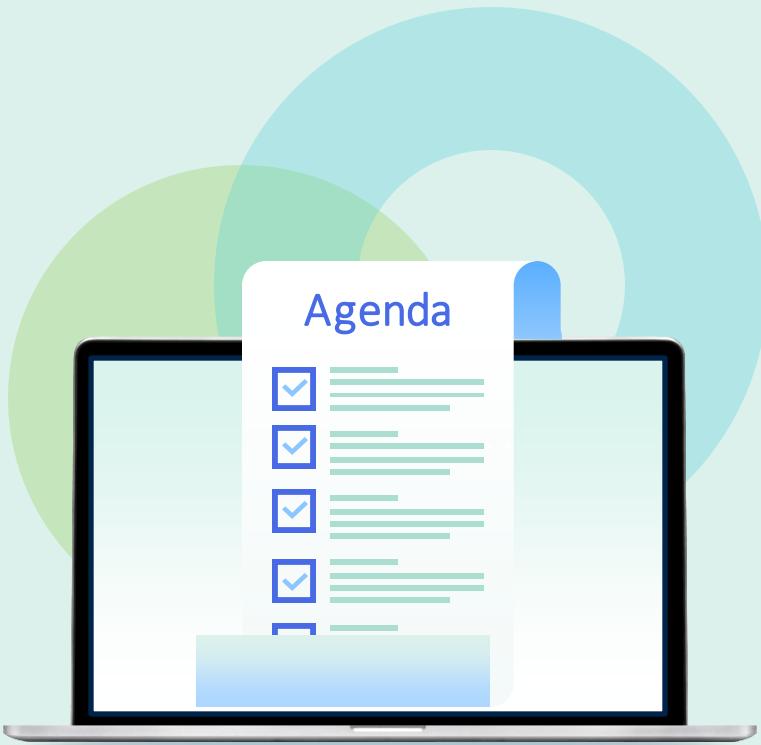

The screenshot shows the Alma Configuration interface. On the left is a sidebar with icons for Alma, Market, Acquisitions, Resources, Discovery (which is highlighted with a blue box), Fulfillment, Admin, and Analytics. The main content area has a search bar at the top with dropdowns for 'All titles' and 'Title'. Below the search bar is a list of configuration options: Search Configuration, Search Profiles, Ranking Configuration, Display Configuration (which is highlighted with an orange box), Configure Views, Manage display and local fields, Manage Tags, Labels, Loading External Data Sources, Discovery Import Profiles, Publishing, Publishing Profiles, Other, Resource Recommender Configuration, and Central Index and proxy set-up.

The screenshot shows the Alma Configuration interface. On the left is a sidebar with icons for Alma, Acquisitions, Resources, Discovery (which is highlighted with a blue box), Leganto, Fulfillment, User Management, General, and Analytics. The main content area has a header 'Configuring: Training - Sandbox'. Below it is a list of configuration options: Search Configuration, Search Profiles, Restricted Search Groups, Boolean Operators, Ranking Configuration, Secondary Resource Type, Display Configuration (which is highlighted with an orange box), Configure Views, Manage display and local fields, Local Resource Types, Manage Tags, Hypertext Linking Definitions, Thumbnail configuration, Labels, Multi-lingual Configuration, GetIt Configuration, Digitization Request, Hold and Booking Request, Purchase Request, Resource Sharing Request, Items Display configuration, Holdings Display Labels, and Holdings Display Configuration.
