

Pivot-RP

Release Notes

April 2024

What's New - April 2024

- ✓ **Added 'Last-published' date sort option to Newsletters, Embedded Searches and all results sets**
- ✓ **Redesigned Log-in page**
- ✓ **New multi-sort feature when sorting by Funder name, automatically sorts by Deadline soonest as well**

Key Benefits:

Admins can now set Newsletters and Embedded Search results to display the most recently published opportunities by default. User can also choose to sort all results lists by the last published date.

Updated branding and layout of the login page make it clearer that there are two convenient ways to log in to Pivot-RP: either via SSO/institutional credentials OR via email and password.

When sorting results by Funder Name, funders with more than one opportunity are automatically sorted by deadline to make it easier to see which opportunities from a given funder have the earliest deadlines
