**360 MARC Updates: Customization Form and Companion Guide for Serials**

Date Created: Feb 09, 2014 Last Updated: Feb 14, 2014 Article Number: 1200

Print Email this page Follow Me Separate Article Link

**How can I customize my 360 MARC Updates for serials?**

To customize your 360 MARC Update for Serials service, download the [Customization Form](#). Instructions for the form are provided in the [Customization Companion](#).

**NOTE:** See other documents here in the Support Center if your library is part of a [group subscription to 360 MARC Updates](#), or if you want to customize your [360 MARC e-book services](#).

When you've completed the Form, send it back to us using the **Contact Us** menu near the top of this page, and select the following:

**Product:** 360 MARC Updates  
**Category:** Problem / Inquiry

Then attach the Customization Form to your request.

Customization Companion offers helpful suggestions for completing your form.

**Prioritize Your Record Sources** ProQuest

Record Type	Priority
Priority for CONSER online records	1
Priority for CONSER "neutral" records (These records do not explicitly state that they are for a specific record format, though they generally describe the print format.)	2
Priority for CONSER Print records	3
Priority for CONSER microform records	4
Priority for CONSER CD-ROM records	5
Priority for National Library of Medicine Records	6
Priority for Serials Solutions original records (These records are created by catalogers at Serials Solutions or for Serials Solutions.)	7
Priority for vendor-generated records (Records supplied by a vendor, e.g., Adam Matthew, Informa). For current list of available vendor records, see Support Center answer <a href="#">360 MARC Updates_Vendor Record Information</a>	8
Priority for Serials Solutions supplemental brief records (Machine-generated brief records)	Last

### Customize Your Records

ProQuest

#### CONSER Record

#### Custom Record

- Add Fields: (9xx, 5xx, etc.)
- Remove Fields: (533, 773, 852, etc.)
- Customize 710s: (database/provider name)
- Customize 856 field(s): (single hosted URL or multiple direct URLs)
- Add 910 field: (record type information)
- Maintain 035 field: (OCLC numbers)

---

---

---

---

---

---

---

---

---

---

---

---

### Record Customization Form

ProQuest

Field	Possible Actions	Requested Action
LDR_06 (Leader)	Change to 'a' for 'Language Material' or other value	<input type="checkbox"/> a <input type="checkbox"/> other Enter one-character alphabetic code
001 (Control Number)	Innovative clients: Add 'OCMT' before the unique identifier	<input type="checkbox"/> Yes <input type="checkbox"/> No
006 (Additional Material Characteristics)	Create or replace 006 with code: 'm' for Computer or 'c' for Electronic or other phrase	<input type="checkbox"/> Yes <input type="checkbox"/> No Fields to add: Please enter field number, indicator, subfields and text here. Fields to delete: Please enter field number and text here (specify subfields if necessary). Other changes: Please specify.
007 (Physical Description Fixed Field)	Create or replace 007 with code: 'c' for Electronic or other phrase	<input type="checkbox"/> Yes <input type="checkbox"/> No
710 2# (Added Entry - Corporate Name)	Add database name or provider name as it appears in the Client Center. For hosted 856 clients, saying yes may greatly increase your number of changes.	<input type="checkbox"/> Provider name OR <input type="checkbox"/> Database name
856 4# (Electronic Location and Access)	Delete existing 856s. Replace with library-specific URLs.	PLEASE SELECT 856 STYLE AND FORMAT ON THE NEXT PAGE.
949 (Local Holdings Information)	Add library-specific holdings notes information, as appropriate for your system.	Enter text of field here (please label subfields)

---

---

---

---

---

---

---

---

---

---

---

---

### Choose Your RDA Customizations

ProQuest

- Option 1. Customize RDA records to look like AACR2 records
- Option 2. Deliver mix of AACR2 and RDA records
- Option 3. Customize AACR2 records to look like RDA records.
- Option 4. Specify your own RDA-related customizations

 See the MARC Updates Customization Form for detailed information about the above options.

### MARC Record with Hosted 856 Option

The screenshot shows a ProQuest record for 'ABA banking journal'. A callout box highlights the 856 field: `856 01 - $E-JOURNAL (Full text available)`. Another callout box points to the 'Hosted 856 Option' in the 'Full Text Available' section.

---

---

---

---

---

---

---

---

---

---

---

---

### MARC Records: Hosted 856 Option

E-Journal Portal or 360 Link Results Page

The screenshot shows search results for 'ABA banking journal'. A callout box with a lightbulb icon says: 'Remember to check the Display In box for 360 Core or 360 Link if you have Hosted URLs.' The 'Display In' dropdown menu is shown with '360 Core' and '360 Link' selected.

---

---

---

---

---

---

---

---

---

---

---

---

### Hosted vs. Direct Linking

Direct Link 856 Fields	Hosted 856 Field
User clicks once to get to content. 1. Catalog → Content	User must click twice to get content: 1. Catalog → 360 Link or E-Journal Portal 2. 360 Link or E-Journal Portal → Content
Holdings and links are not updated until monthly update is received and loaded.	Links updated daily to reflect provider and Data Management changes.
More change records to load each month.	Fewer change records to load each month.
No click-through statistics available.	Click-through statistics gathered in the Client Center.

Highlight = Advantage
