Applying the Revision

The following packages are released:
sfx-sw-update-4.10.11.run
sfx-extra-update-4.10.11.run

For directions on applying the revision, refer to the **SFX KB Update** section of the *SFX General User's Guide*.

Highlights

Like the previous releases, this March release is also dedicated to adding features to support single activation for CDI - Ex Libris new Central Discovery Index. The enhancements will become visible to Primo/SFX customers with the start of the enablement phase later this year.
