Understanding the Digital Lives of Students

Keeping Focus on Student Input

https://knowledge.exlibrisgroup.com/campusM/Product_Materials/Custom_Success/Community_Reports

Mobile Phones are Essential. Really Essential

76%

say they are
'unable to live
without' their
smartphone

How Students Prefer Access Information?

The majority of students (90%) would like to check their timetable on a smartphone, with a high proportion also preferring to use a smartphone to hear about changes to scheduled events (89%) and about events, services and news (81%).

Preference for using a laptop is seen in the more 'serious' and time-consuming activities such as submitting coursework or essays (73%) and accessing tutorial support (52%).

How Students Prefer to Be Contacted?

An app is most preferred for activities that require a simple information check, such as viewing timetables (68%), seeing library loans (48%) accessing reading lists (42%) and checking assessment deadline (40%).

The online portal is by far the most preferred option for tasks that may involve more attention or more time to complete, such as submitting coursework/essays (58%), and accessing course materials (58%).

Ex Libris campusM Use by Students

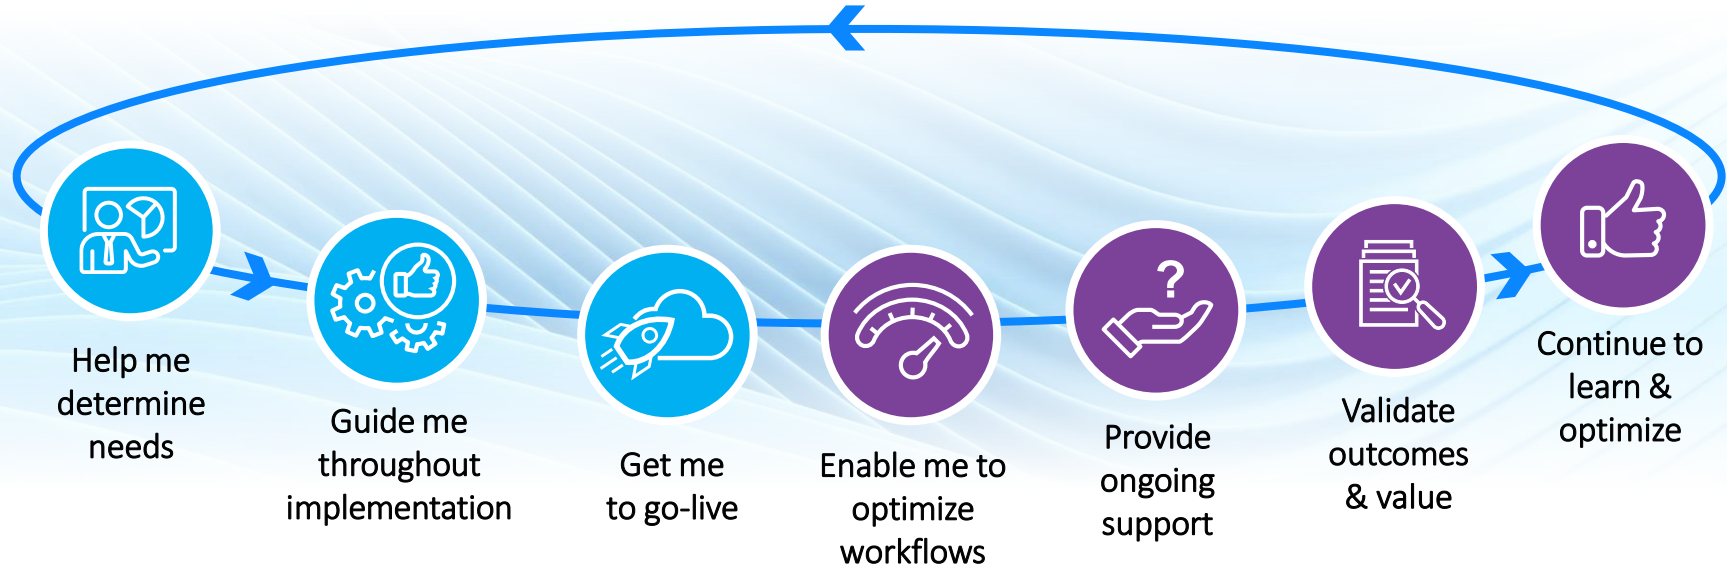

Collaboration as a Key Value

From *New Normal* to *Next Normal*

Your Success is Our Success

Making Your campusM Useful and Successful

QUICK

- Quick to deploy, and update
- Quick extend and enhance
- Quick to adopt and use by students
- Quick to change and adapt

EASY

- Easy to configure and administrate

- Easy access to services from all devices
- Easy to engage with multiple stakeholders

POWERFUL

- Powerful features
- Powerful analytics and insights
- Powerful software development kit
- Powerful corporate and cloud

Ex Libris Community & Knowledge Platforms

The collage displays four key Ex Libris platforms:

- Idea Exchange:** A page titled "Have an Idea for Ex Libris?" with a search bar and navigation links for Alma, Primo, Rosetta, campusM, Content, and RefWorks.
- Knowledge Center:** A "Welcome to RefWorks" page with a search bar, navigation links, and sections for "Community Knowledge" and "Product Documentation".
- Developer Network:** A page titled "Extend. Ex Libris." with navigation links for ALMA, PRIMO, ROSETTA, and LEGA, and sections for "Learn" and "Build".
- System Status:** A "System Status" page with navigation links for System Status, Single Tenant, Privacy Policy, and Security, and a table of instance statuses.
