

# Primo and Primo VE Analytics and Dashboards Exercises

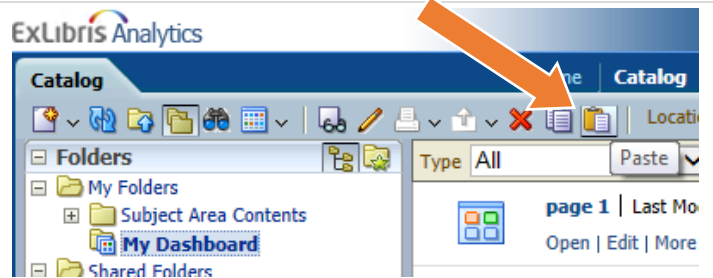

## Exercise #1 – Adding an Analysis to *My Dashboard* and labeling it

Access Primo Analytics (Primo VE in Alma)	Access Primo Analytics (Primo Back Office)
Go to Alma > Analytics > Design Analytics (Primo)	Go to Primo Back Office > Primo Analytics
<b>Add an Analysis to <i>My Dashboard</i></b>	
1. Note that you are in the <i>Catalog</i> tab.	
2. In the left hand <i>Folders</i> pane navigate to the <i>Primo/Dashboards/Example Dashboard</i> directory	
3. In the center pane click <i>More</i> under the <i>Facets</i> report	
4. Select <i>Copy</i>	

5. Navigate to *My Dashboard* folder

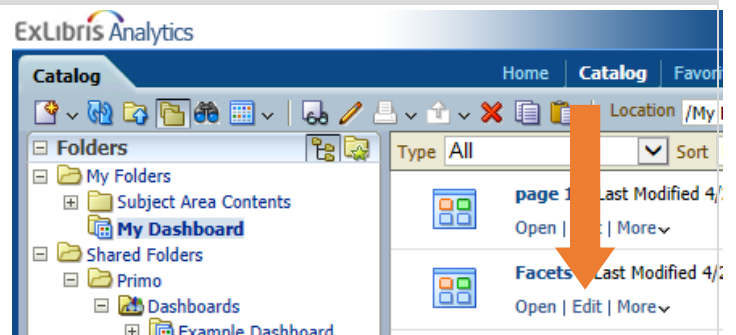

6. Select paste icon (clipboard w/document)

Add a text description to the report

7. Click Edit to modify the report

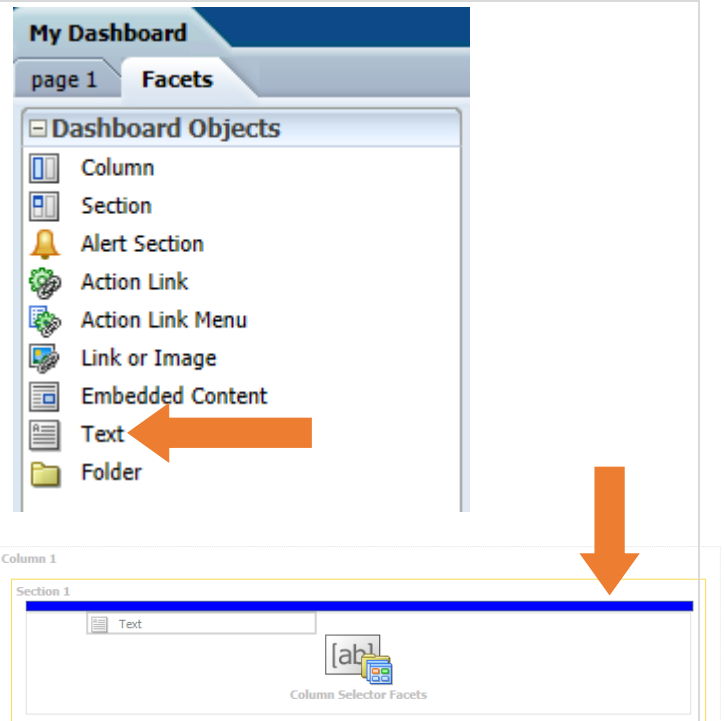

8. Click preview to see report (you can close the popup window after previewing)

9. Add a text field by dragging and dropping *Text* from the *Dashboard Objects* pane.

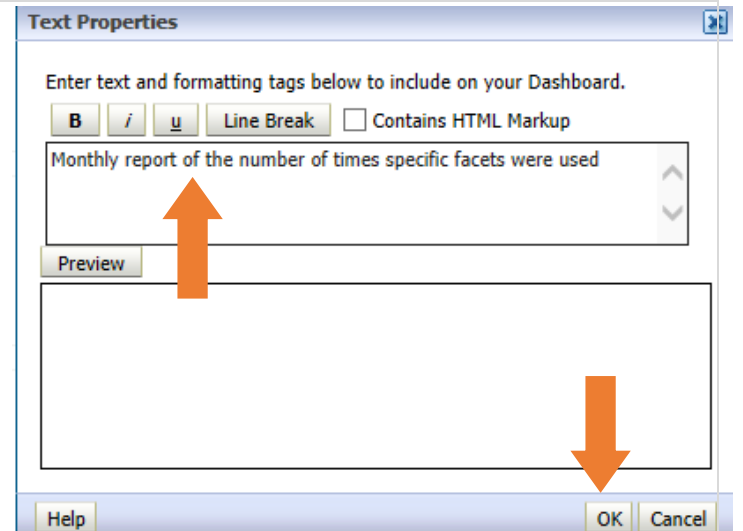

Position the *Text* so that the blue bar is above the *Column Selector Facets* box.

10. Mouse over the *Text 1* box and click the *XYZ* button to edit.

11. In the popup window, enter text to describe the report, then click *OK*  
*Monthly report of the number of times specific facets were used*

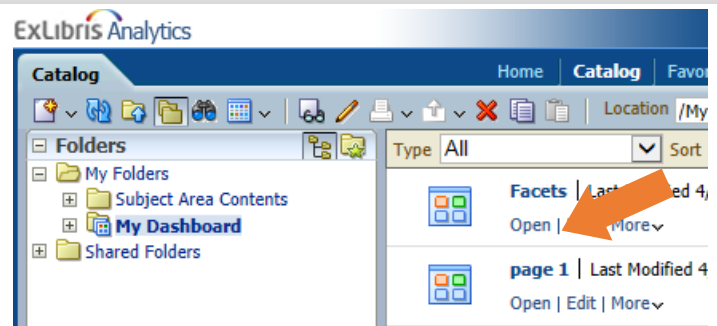

12. Save and preview.

## #2 – Editing a Copied Analysis

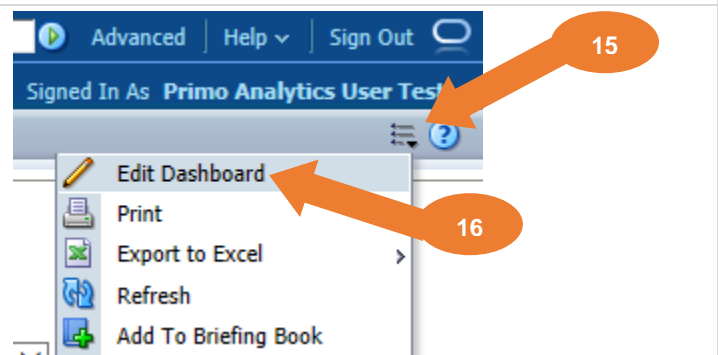

### Edit the Analysis

13. Open the *Facets* report on *My Dashboard* via the Catalog/Folders pane

14. Click on the *Page Options* icon

15. Click *Edit dashboard*

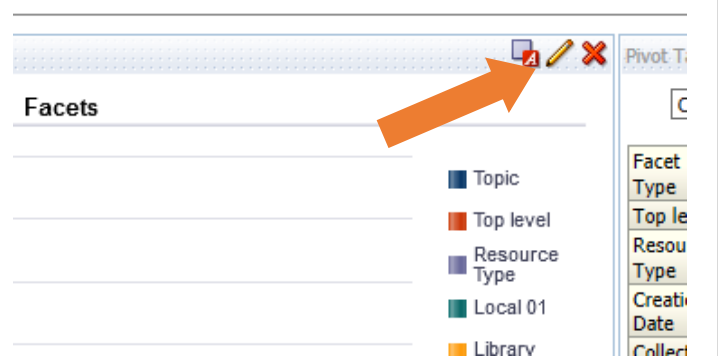

16. Mouse over the *Facet Usage example* box and click the XYZ button...

17. ... then select *Edit Analysis*

18. Edit the graph by selecting the pencil icon

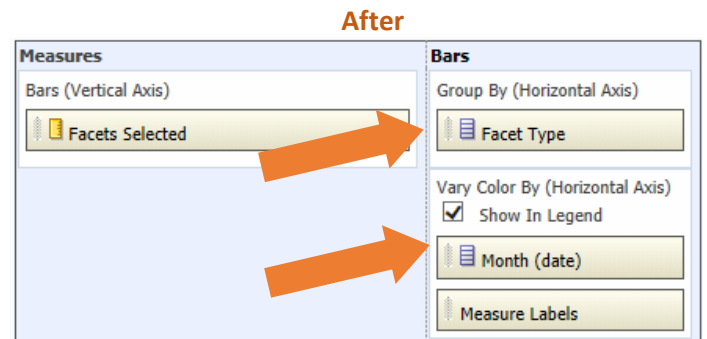

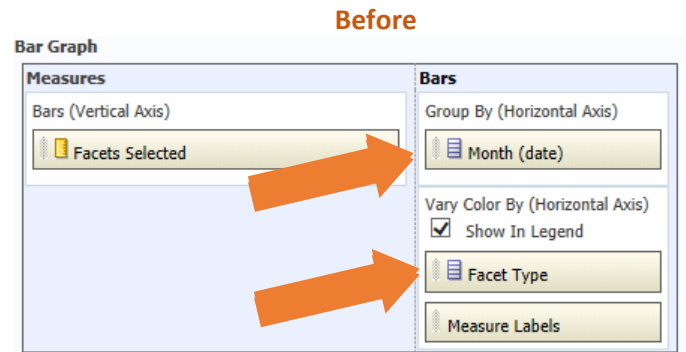

19. In the *Layout Pane* in the *Bar Graph* section, click and hold the *Facet Type* box and drag it up to land under the *Month (date)* in the *Group By* area.

20. Next click and hold the *Month (date)* box and drag it down to land above the *Measure Labels* box in the *Vary Color By* area

You can tell where the box will 'land' when you see a blue bar.

Note that the graph above changes to reflect the modifications you just made.

21. In the top pane, change type of graph to *Stacked Horizontal*

22. Click *Done*, or use *Revert* to undo changes if needed.

## Save the Analysis

23. Try *Save Analysis*

24. Note that the analysis is still coming from the shared, and it won't let you save it there.

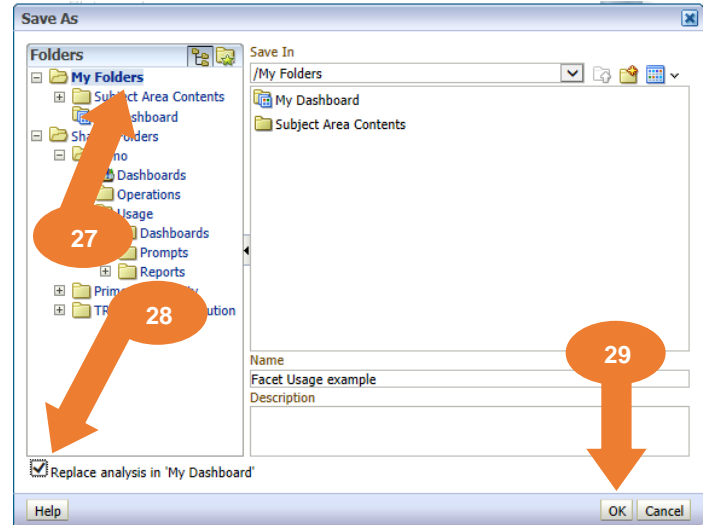

25. Click *Save As*

26. Select *My Folders* to save your Analysis there.

27. Check the *Replace analysis in 'My Dashboard'* box.

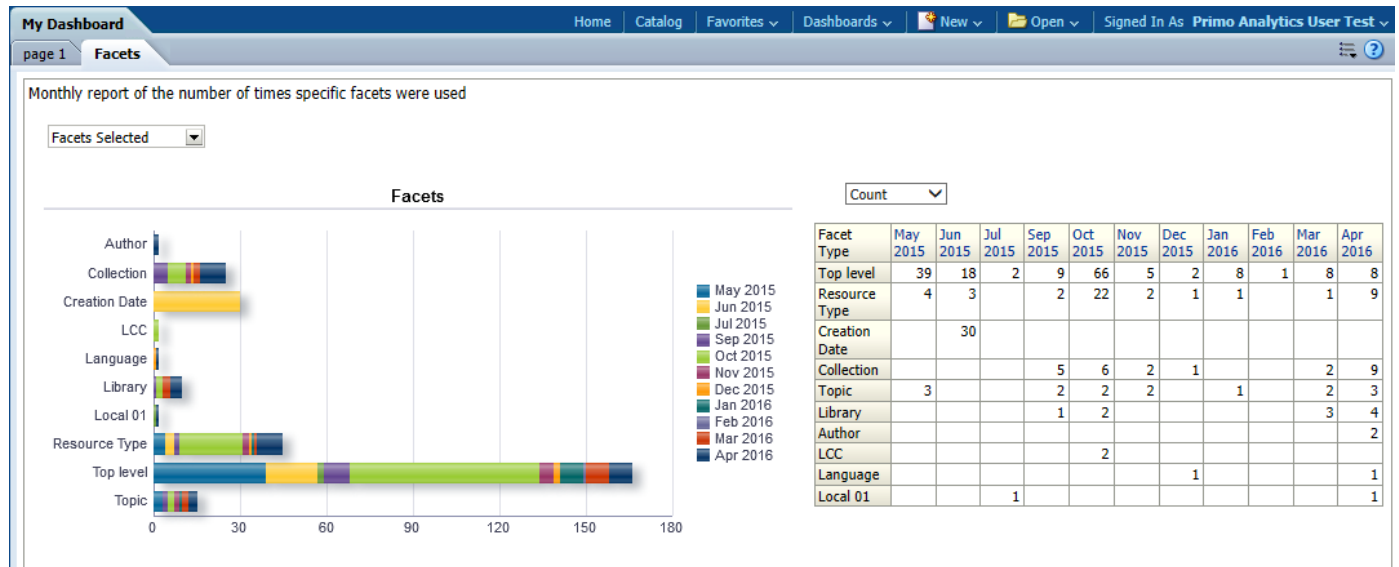

28. Click *OK*

29. Return to *My Dashboard*

30. See the finished Report on the Facets Tab:

# #3 – Creating a New Analysis

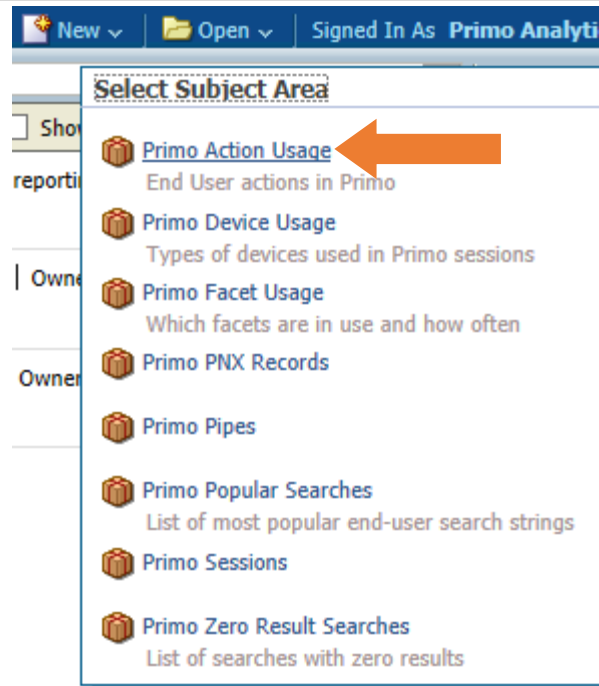

## Create a New Analysis

31. In the header select *New*

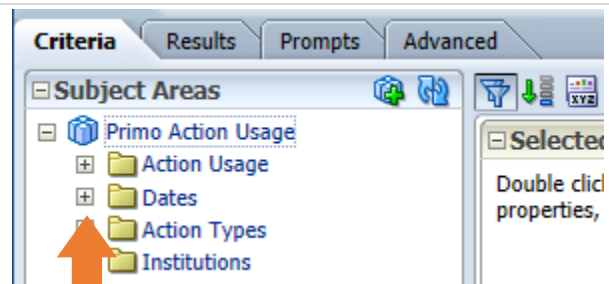

32. then *Analysis*

33. Select *Primo Action Usage* as the Subject Area

34. In the *Criteria* tab in the *Subject Areas* pane, expand the *Action Usage* and *Dates* folders by clicking on the plus sign to the left of the folder icon

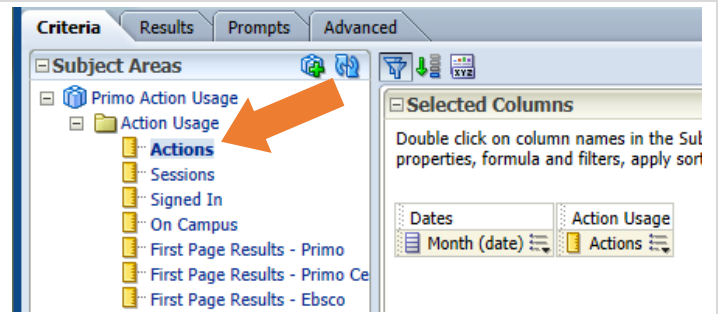

35. In the *Dates* folder, click and drag *Month (date)* into the *Selected Columns* box.

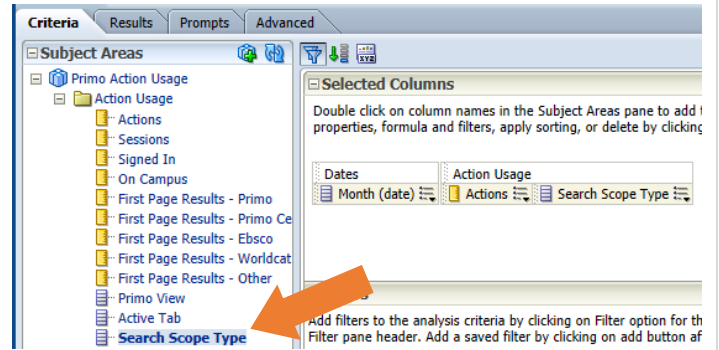

Note that the blue bar will show you where the metric will be placed.

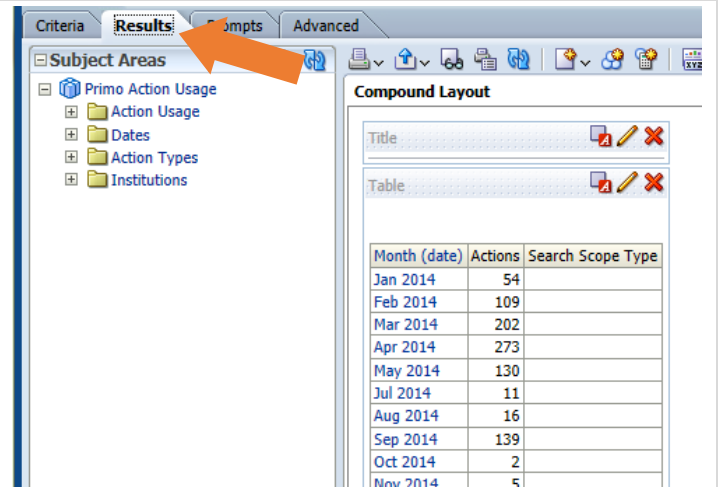

36. In the *Action Usage* folder click and drag *Actions* into the *Selected Columns* box and place it to the right of the *Month (date)* metric

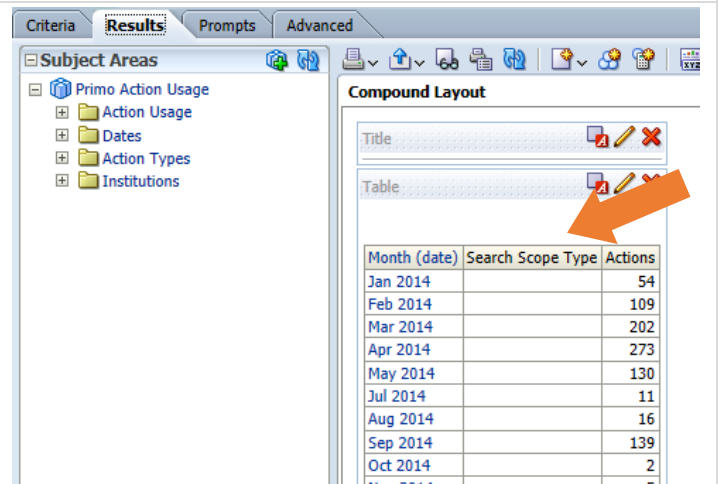

37. In the *Action Usage* folder click and drag *Search Scope Type* into the *Selected Columns* box and place it to the right of the *Action Usage* metric

38. Click on the *Results* tab

39. Click just above the header of the *Search Scope Type* column and drag and drop it in between the *Month (date)* and *Actions* columns

## Add a Graph to the Analysis

40. In the *Results* tab, click on the *New View* icon

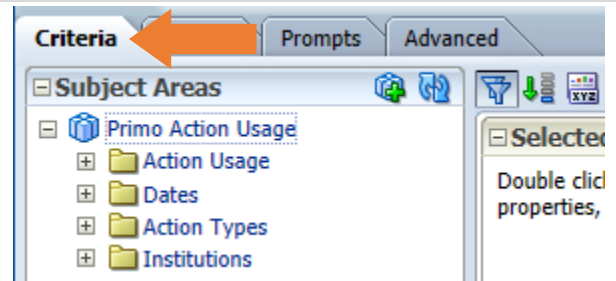

41. then select *Best Visualization*

42. Scroll down to see the graph

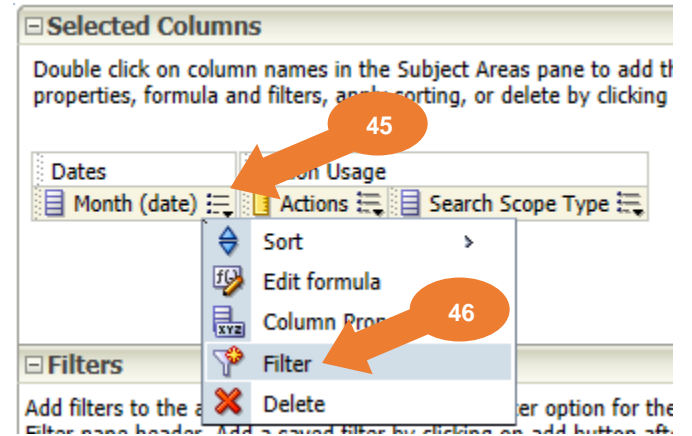

## Apply a Filter to the Date

43. Click on the *Criteria* tab

44. Click on the *Properties* icon

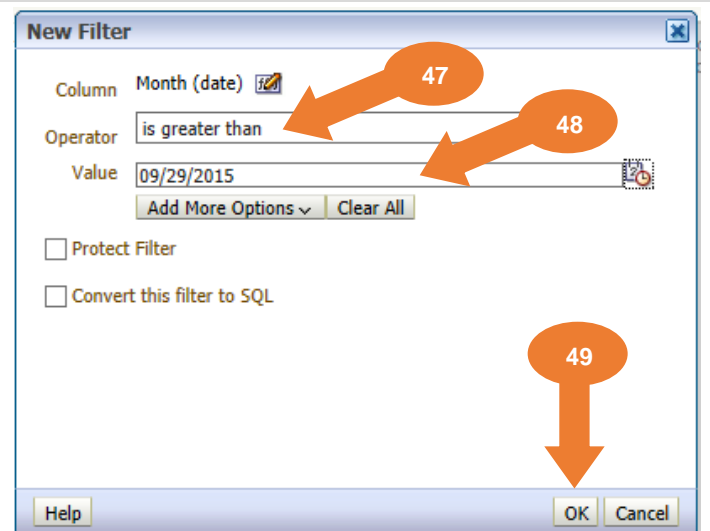

45. then select *Filter*

46. Set the *Operator* to *is greater than*

47. Set the *Value* to *1/01/2019* (using the calendar icon)

48. Click OK.

49. Click on the *Results* tab

50. Now we can see the data better in the graph

## Save the Analysis

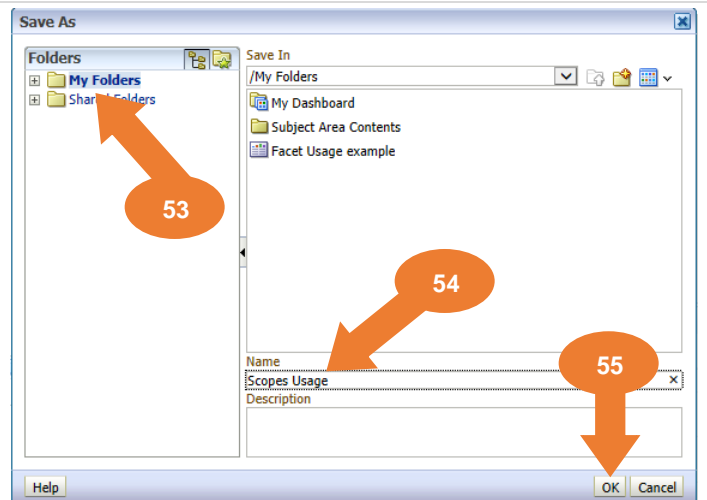

51. Click *Save Analysis*

52. Click on *My Folders* to ensure it is selected

53. Name the new analysis *Scopes Usage*

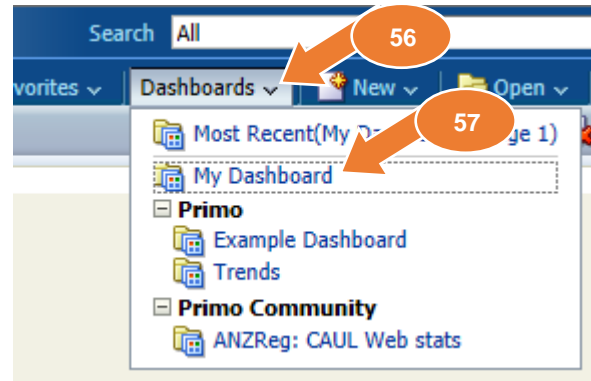

54. Click OK

## Add the New Report to My Dashboard

55. Go to *Dashboards* in the header

56. Then select *My Dashboard*

57. Note that you are brought to *Page 1*

58. Click *Edit* to modify the page

This page has no content.  
To add content, click *Edit* here or in the toolbar.

59. In the *Catalog* pane select the *Scope Usage* report and drag and drop it into the center pane.

60. *Preview*

61. *Save*
