Is there an overview of Oracle backup procedures (for Aleph)?

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 19.01

**Description:**
Is there an overview of Oracle backup procedures which might be used in connection with Aleph?

**Resolution:**
See the "Ex Libris Backup Package" document, located in the Cross-Product Information directory on the Doc Portal.

(This document covers more than just Oracle backup procedures.)
