Aleph 16->17->18 Upgrade Express: Implementation Notes?

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 16.02

**Description:**
Where does one get the implementation notes that are mentioned in (for example) the Aleph 17 to 18 User Guide, section 3.2.13, page 14? They don't appear to be on the FTP site, nor in the tarball.

**Resolution:**
The Upgrade Express Implementation Notes are in the /Upgrade Express directory in the Documentation Center.
