Aleph to Alma migration: Bib not linked to any ADM record

- **Product:** Aleph
- **Product Version:** 20, 21, 22, 23
- **Relevant for Installation Type:** Dedicated-Direct, Direct, Local, Total Care

**Description**
Will a bib record be migrated when it's not linked to an ADM record, or when its HOL record is not linked to an HOL record?

**Resolution**
All records in a bib library defined in the Migration Form to be extracted will migrate (-- except those with a "DEL Y" field indicating deletion).
