What is Pivot?

For years, ProQuest has been recognized around the world for its coverage and inclusion of funding from a wide variety of sources as well as its access to the world’s research community.

Now, Pivot provides Research Administrators, Research Development Professionals, and individual faculty members the edge – by bringing together the right research opportunities, funding, and people – quickly and easily. It provides global and local connections that strengthen research by exploring new avenues for funding and collaboration – for faculty, staff researchers, and graduate students.
