RefWorks Accessibility Statement

Visit the Accessibility Directory article for detailed information for all ProQuest products.

RefWorks is committed to providing access to individuals with disabilities. We do this by providing a screen-reader friendly interface for Windows users using JAWS or MS Narrator.

This functionality is automatically provided in RefWorks 2.0 with no user configuration necessary.

RefWorks is compliant with Section 508 of the Rehabilitation Act (U.S.). Screen readers such as MS Narrator or JAWS should automatically detect the compliant interface.
